EDUCATION

- Bachelor of Technology 2020-2024
KPR Institute of Engineering and Technology
Artificial intelligence and Data science - 9.22 cgpa
- HSC 2018 - 2020
Venkatalakshmi.Mat.Hr.Sec.School
Computer science - 87%

Achievements

Top 20 In Innovsense 2022 held at KPRIET

Expertise

- Teamwork
- Team Leadership
- Problem Solving

Certificates

- Design Thinking
From Taylor's University
- Kaggle
Machine learning , Numpy, Data visualization and so on.
- AICTE NPTEL
Data Mining , Python for Data Science ,
Cryptography and Network security
- Coursera
Computer vision basics , Introduction to
Tensorflow

About Me

I'm aspiring ML Engineer with a passion for Machine learning and Business Analytics, have completed several courses and projects, and eager to solve real-world problems. I possess excellent problem-solving skills, self-driven, and a strong desire to learn. I enjoy working in a team and strive to make moments great.

Projects

- Age Gender Classification and Detection
Machine learning algorithms to automatically determine the age and gender of individuals from various sources of data.
- Automated AI Twitter Bot
Artificial intelligence algorithms to automatically generate and post tweets on Twitter.
- Ecommerce site
Online platform that allows businesses to sell products or services to customers over the internet
- End to End Breast cancer classification
Machine learning project that involves building a model to classify tumors based on their features for early detection and diagnosis.

Internship experience

- Rigelsoft Technologies India Private Limited
- 1 Month
- Xebia Internship - 1 Month

Technical skills

- Python
- HTML & CSS
- Data Visualization
- DBMS
- ML Algorithms
- Java
